Anis Slimani

PRODUCT DESIGNER

Paris region | anisslimani.com | linkedin.com/in/anisslimani | anisslimani013@gmail.com

Product Designer trained in computer science and visual arts. I turn complex flows into simple experiences, from **research** to **prototype** to production, with **generative AI** in daily practice.

EXPERIENCE

Product Designer, Legalstart

Apr 2025 - Apr 2026 | Paris | LegalTech SaaS, product team of about 40

- **Rebranding of the company-creation flow (owner):** iterated with the design team and PMs, defended design choices through to production. 100+ desktop and mobile screens, clarity score (CSUQ) from 4.2 to 4.9/5.
- **Design system:** unified the Figma library mid-rebrand and extended it with new components, +10% design team velocity.
- **Conversion funnels (team effort):** designed co-branded funnels (Qonto, BoursoBank, Shine) and trust elements. +2% conversion and -5% churn as a team.
- **AI in the workflow:** 50+ reusable templates, prototypes with Lovable and Claude.

AI Product Manager and Designer, Brief to Ship

Apr 2026 - Jun 2026 | Remote | Client project shipped

- **Sole PM and designer:** for a luxury hospitality and leisure client, from blank brief to live V1 in 6 weeks.
- **Framing and specs:** personas, RICE prioritization, roadmap, 36 user stories with acceptance criteria in Jira.
- **Brand, design system and code:** dual brand identity, day and night Figma design system, front-end shipped with AI (Claude Code, Cursor).

Independent case study, SNCF Connect

Sep 2026 | Self-initiated concept, not affiliated with SNCF Connect

- **Research, design and testing:** redesigned search results to show disruptions before booking. Tested with 5 participants: 0 of 5 spotted the disruption before, 4 of 5 after.

UX/UI Designer, ILAR

May 2024 - Aug 2024 | Tirana, Albania

- **Digital transformation:** built the visual library and UI components from scratch.

SKILLS

Design: Figma, design systems and tokens, prototyping, responsive, accessibility (WCAG)

Research: interviews, usability testing (CSUQ, SUS), Amplitude, Dovetail, personas, JTBD

Product and AI: Jira, Confluence, RICE, Claude Code, Cursor, Lovable, MCP, HTML, CSS, React

Languages: English C1, French (professional), Albanian (native), Spanish (comprehension)

EDUCATION

MSc in Computer Science, Human-Computer Interaction track

Université Paris-Saclay | 2023 - 2025

Bachelor in Visual Studies, Media and Digital Arts

Université Gustave Eiffel | 2020 - 2023
